

Early Years Foundation Stage Newsletter

Nursery - Summer 1

Down in the Jungle

This half term our topic will be "Down in the Jungle". We will be exploring different animals, their habitats and how to care for them. Our focus stories will be...

Visual Literacy

On the 4th and 5th of May we will be taking part in a whole school visual literacy topic. The children will be shown a short video and our learning will be based around that. This will be a great opportunity to develop imagination and spoken language, so please encourage your children to share their learning when at home.

Our Learning

Now we are entering the Summer term we are really thinking about getting "Reception ready".

Literacy - We will continue to learn initial sounds and practise recognising and writing them. We will start looking at stories in more depth, describing characters and settings.

Maths - We will be doing lots of problem solving, recognising and writing numerals and looking at different shapes in the environment.

Understanding the World - We are going to be looking at lots of different animals and their habitats.

Communication and Language - This term will be all about talking! We will be learning lots of new vocabulary and work on speaking using more complex sentences.

We hope you have all received your requested schools for September.

✨ We cannot wait to see the children progress into full time school! ✨

Home Learning

We love hearing all about the different activities you do at home. Why not try...

- ★ Writing your name in lots of different colours and using lots of different tools. (chalk, paint, pens, crayons)
- ★ Putting your looking eyes on and go out for a walk. Walk around your local area looking for different numbers, letters and shapes.
- ★ Some physical activities, these could be outside in the garden playing football or in a small space indoors. In class, we love "Movelee" monkey videos on Youtube.

Forest School

We love forest school in Nursery!

Our forest school dates for this half term are:

- 28.4.21
- 12.5.21
- 26.5.21

The weather is changing now so please ensure the children have the appropriate clothing.

Activities

Purple mash

New activities will be uploaded every Monday after 3:30.

Cbeebies Alphablocks

This is a great programme for children to watch now we are beginning to learn our initial sounds. It will consolidate the recognition of sounds and support them to orally blend.

Thank you for your continued support with all that we do, it is greatly appreciated. If you have any questions please do not hesitate to speak to Miss Lochhead.
