

Phonics & Pronunciation we will see:

Recommended phonics focus: I IN IQUE ILLE

- I sound in **petit, lit & il**
- ILLE sound in **file**
- **Silent letters.** The 's' is not pronounced in the final 's' of **Boucles** or **fois** and the 't' is not pronounced in **et** and **chat**. Both letters are often silent when they are at the end of a French word.
- **Liaison. Ils ont.** When a word ending in a normally silent consonant, like the 's' in **ils** (which is normally silent) is followed by a word starting with a vowel as the 'o' in **ont**, the consonant 's' is transferred onto the next word. This technique is called a liaison. It makes it very difficult in French to determine where one word ends and the next begins!
