Newsletter: June 2022

We hope you have all had a restful half term and here we are suddenly in the last part of the school year. Either side of the holiday, a number of year groups have been completing statutory assessments such as SATs and phonics. We are, as ever, so proud of all the work that all children do in school and this has been no exception. Information and results from these assessments will be included in the children's end of school year reports. On July 13th, parents are invited into school to look at the work that your children have completed this year, and we hope you will take the opportunity to attend and see for yourself the progress that the children have made this year.

Although we still have much work to do this term, inevitably thoughts start turning to arrangements for September. Information about next year's classes and teachers will also be included in the children's end of year reports.

As ever, if you have any questions or queries about school then please do not hesitate to contact us.

Jubilee Celebrations

We had an amazing time during our week of Jubilee Celebrations, Children learnt about "Great Britons" and "Great Britain", as well as exploring what being British means to them. We then finished the week with our fantastic celebration picnic. Follow the link below to find out more!

Y6 transition visits

When parents know which days Year 6 children are visiting their new secondary schools, could you please let the school office know, either by phone or through the absence tab on the Parentmail app. We will still need to register children for the days they are at Secondary school, and also for safeguarding reasons we need to know where the children are. We do not always receive up to date information from secondary schools so thank you for your help with this.

Sports Days

We are excited to be able to run competitive sports days this year, where children will be able to compete against each other to earn points for their houses to see who will be crowned "House Sports Champions" for 2022. Parents are invited to attend – please see the dates and times in the diary section. Sports will take place on the school field, and parents will be let in through Gate 4 which leads straight onto the field. We hope to see you all there with loud cheering voices!

Goals for Kai Penalty Shootout Sponsored Event

On Monday 11th July we will be holding our final charity event of the year. As you may know, Kai in Year 6 has undergone a great deal of treatment this year including radiotherapy and chemotherapy. He loves Wolves and loves football so we have put them together to hold a sponsored penalty shoot out with the Wolves Foundation. Children will get the chance to take penalties against Wolfie – the Wolves mascot, and can be sponsored to take part. All money raised will be split between The Wolves Foundation to support their initiatives such as "Feed our Pack", and hospitals where Kai was treated. Further information will be sent out shortly along with sponsor forms (and watch out for some extra staff events too!).

New Admissions to Nursery and Reception

If your child is starting Nursery, or moving from Nursery to Reception in September, you will soon receive a welcome pack. Please read this carefully and return the information needed into school as soon as you can. We are so pleased that all our current Nursery children are staying with us, and we are also looking forward to a new groups of children joining our Nursery.

Uniform

As you may be thinking about purchasing new uniform for September, can we please remind you that children should wear a uniform of red jumper and white shirt or polo shirt, alongside black or grey shorts/ skirts or trousers. Girls can also wear red and white check summer dresses. Black footwear should also be worn, alongside grey or white socks. Uniform with the school crest can be brought by following this link:
